

Our mobile pantries operate to help you access affordable and healthy foods, at a low cost. We established the first Scottish food pantry in 2018 and now operate a network of three in Aberdeen and Aberdeenshire.

about the membership

The mobile pantries work on a membership basis, offering you a family-oriented, shop-like experience at a fixed price. Pantry members pay £3 for their annual membership, which entitles you to visit us each time we are in your area. The cost of your shopping is £2.50 per pantry session, and you can choose up to 10 items. The estimated value of the items that you will pick for each shop is around £15.

what you can select

As a member of the mobile pantry, you will have the opportunity to choose

from fish, meat, fresh fruit and vegetables, pulses and other goods. The items at the shop are marked with green and orange dots. You can choose up to seven 'green' and three 'orange' items.

other services

As a mobile pantry member, you will have access to additional support services, such as benefits and budgeting advice, cooking classes, referral services and other exciting community activities. Contact us for more information about these services.

COVID-19 notice:

To safeguard our members, volunteers and staff from the spread of coronavirus, we are asking the mobile pantry members to adhere to the latest government guidance.
